

Review of ringing activity of raptors across Europe

By Abigail Maiden
abbie.maiden7@gmail.com

STSM in WG4: Field arena

Aims:

Assessing the capacity for raptor material collection

Assessing constraints

Best practice guidance

Participating countries

To date

46 Surveys sent

13 Responses

Participating countries

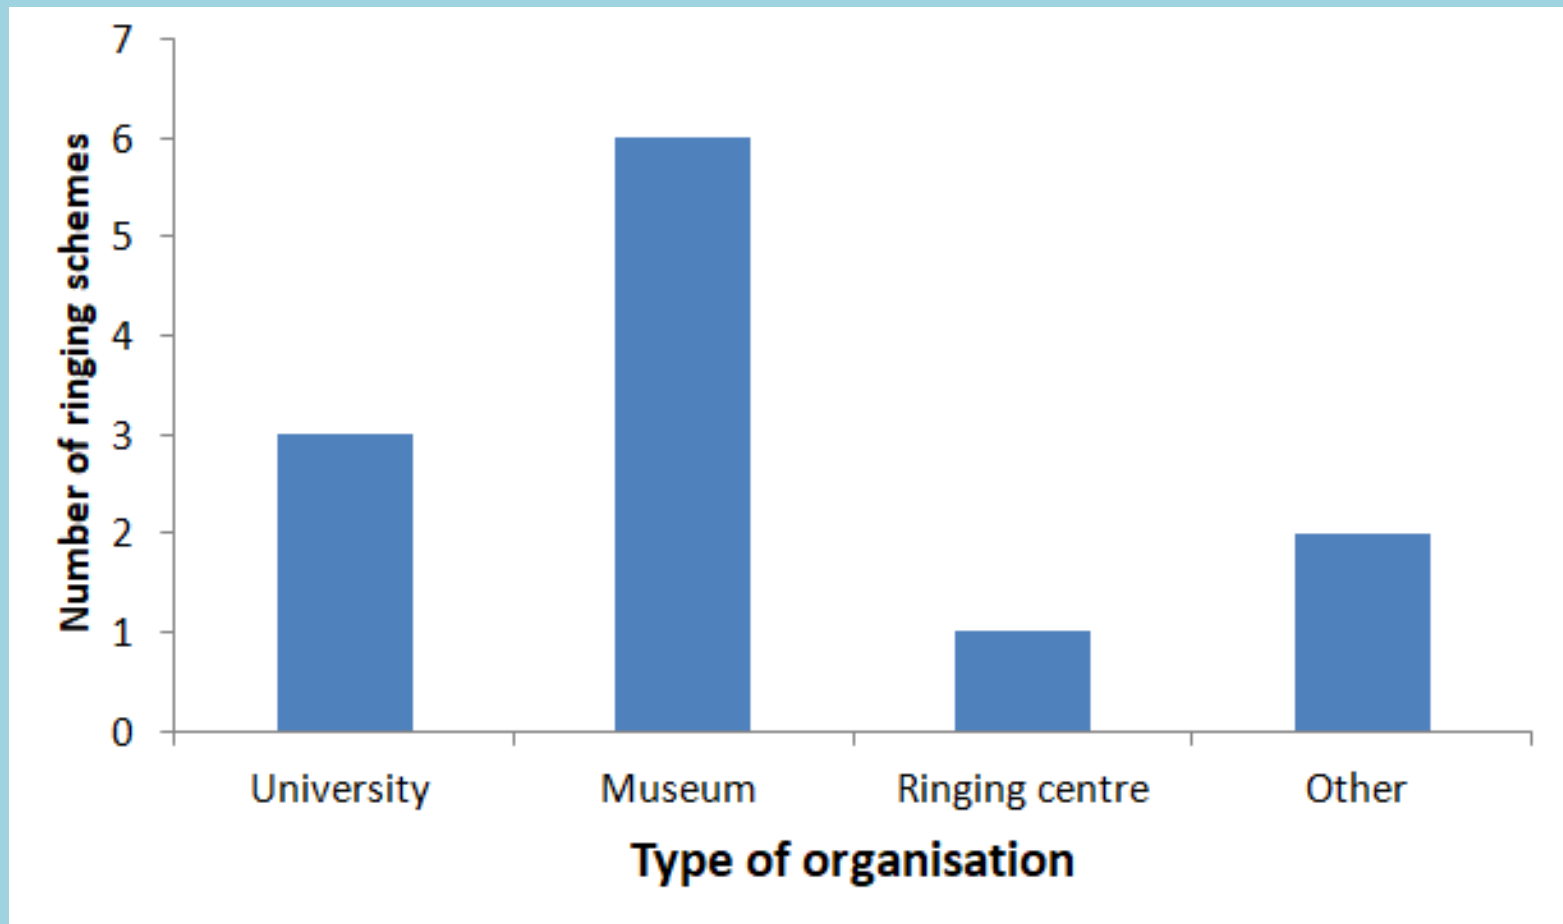

3. Organisation running the ringing scheme

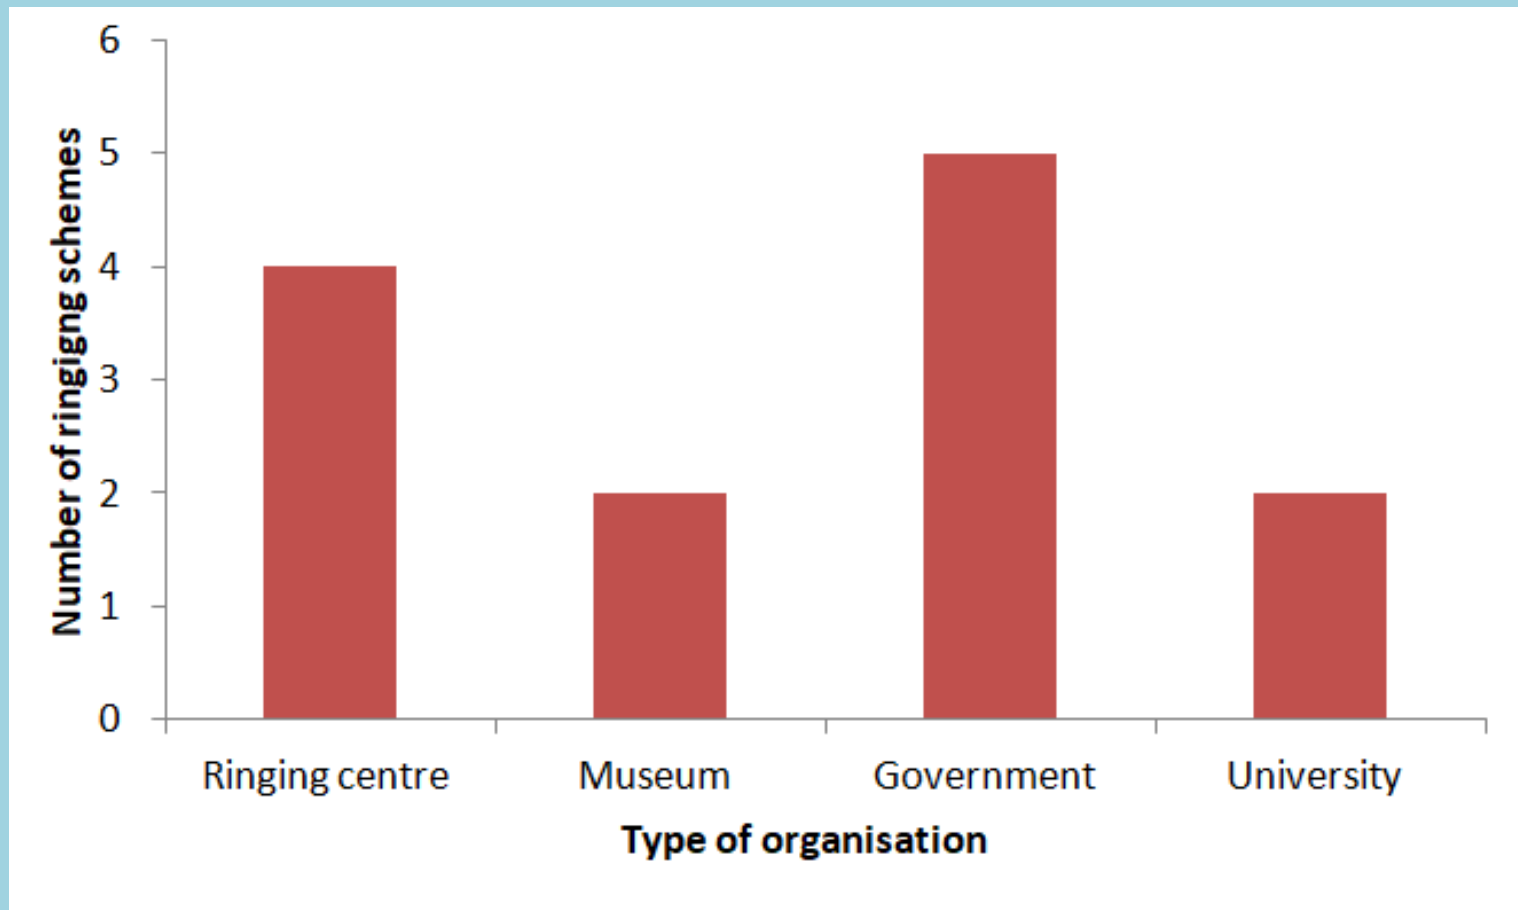

12/12

6. Which organisation issues the ringing licence in your country?

12/12

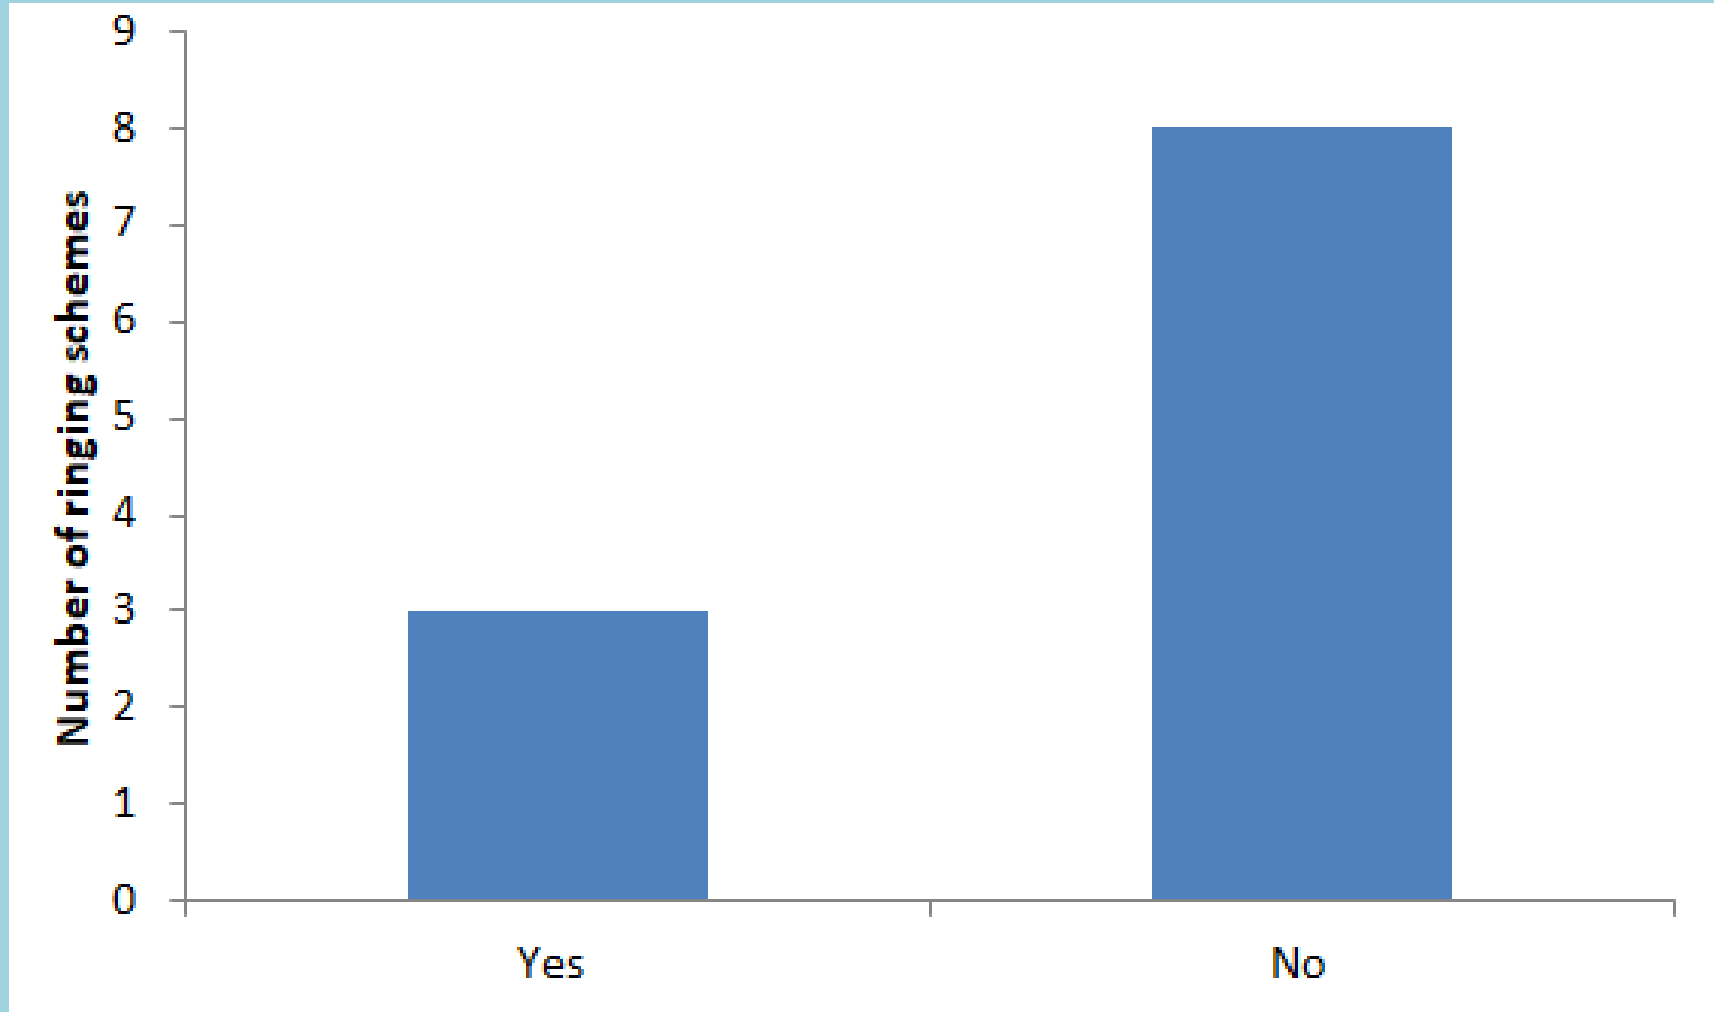

SurveyMonkey

7. Is a different organisation responsible for e.g. training ringers and issuing permits/special endorsements extra, in your country? If yes please name.

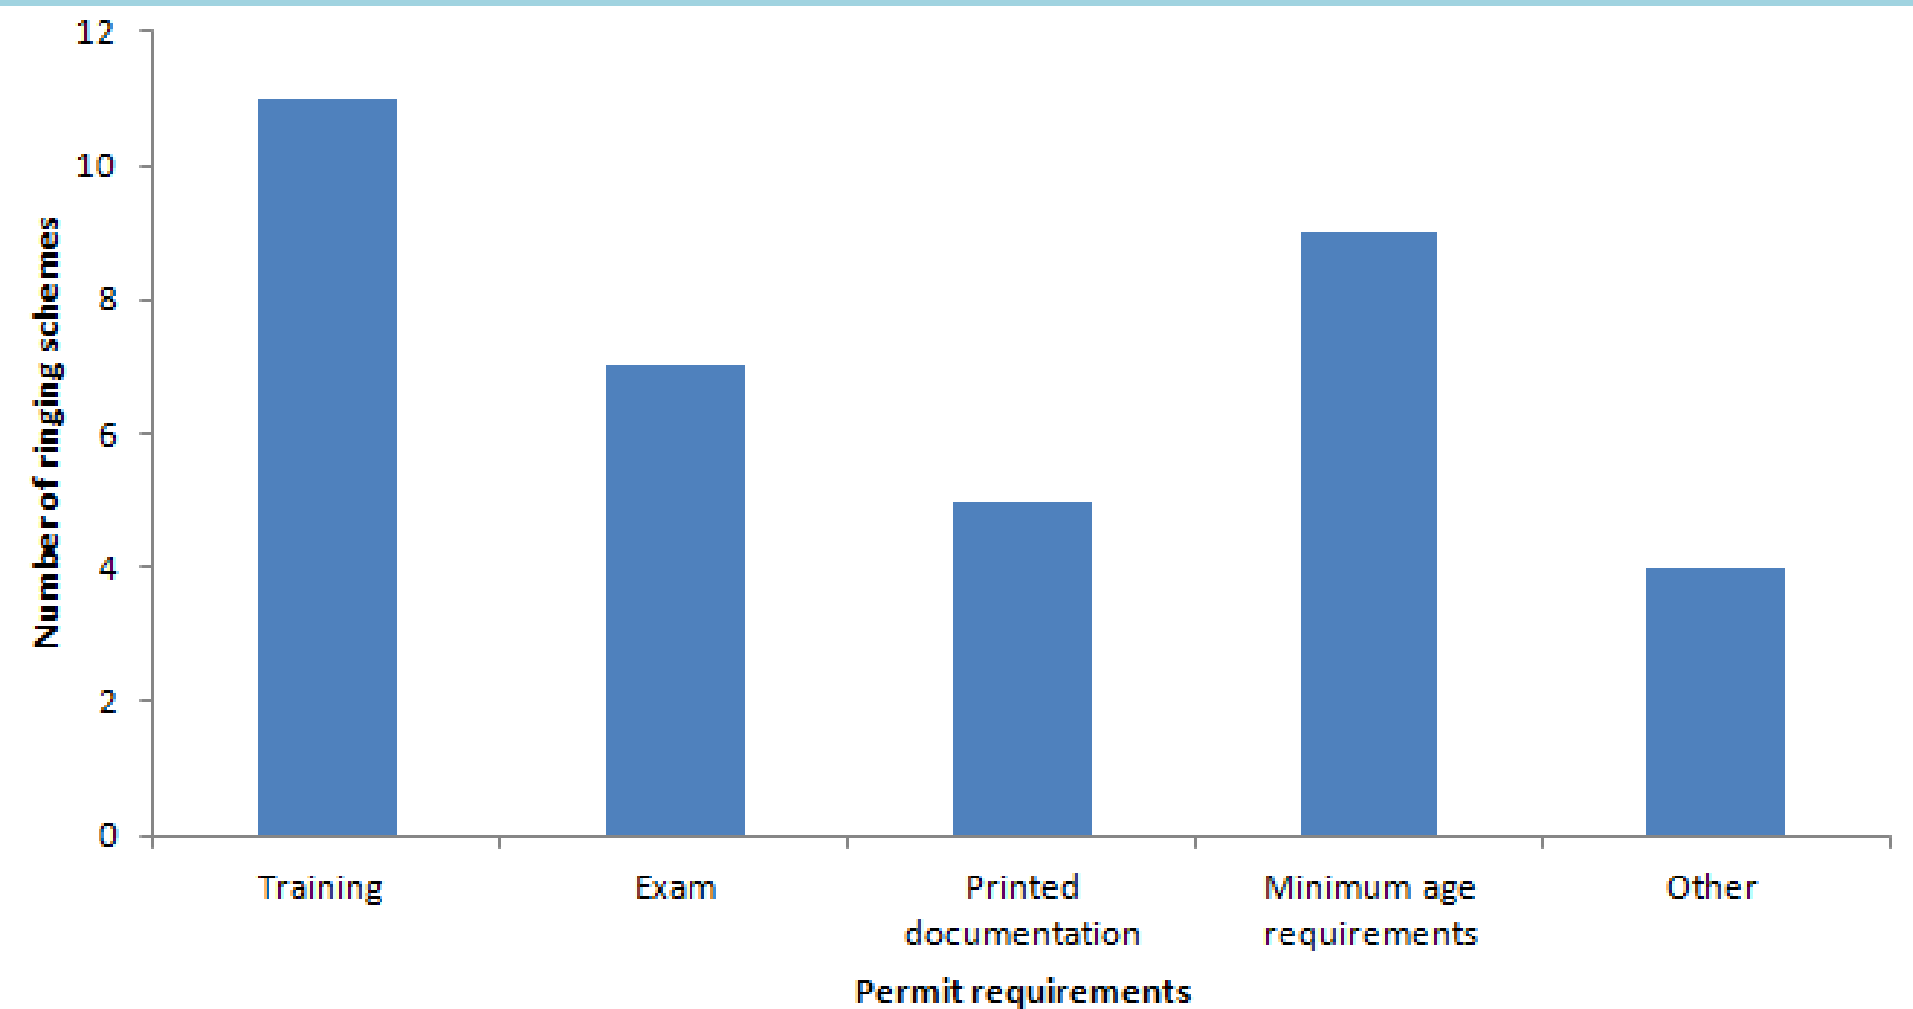

11/12

9. To receive a permit which of the following do you require?

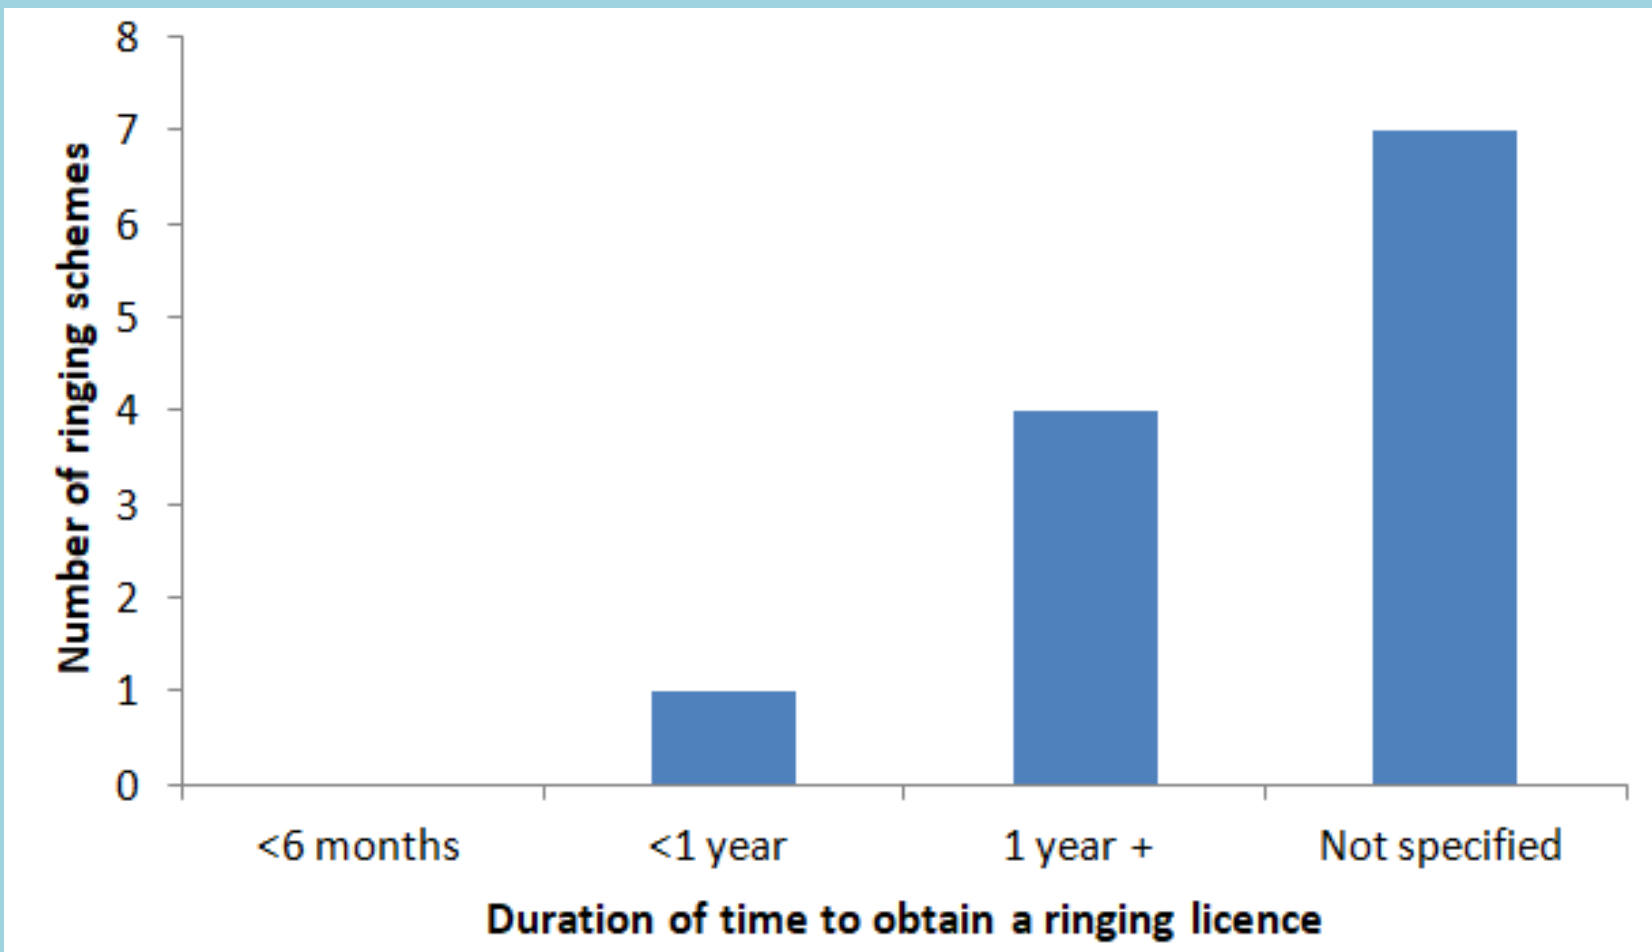

12/12

12/12

10. How long does it take to get a raptor ringing permit from the start of the application process to receiving the permit (including training)?

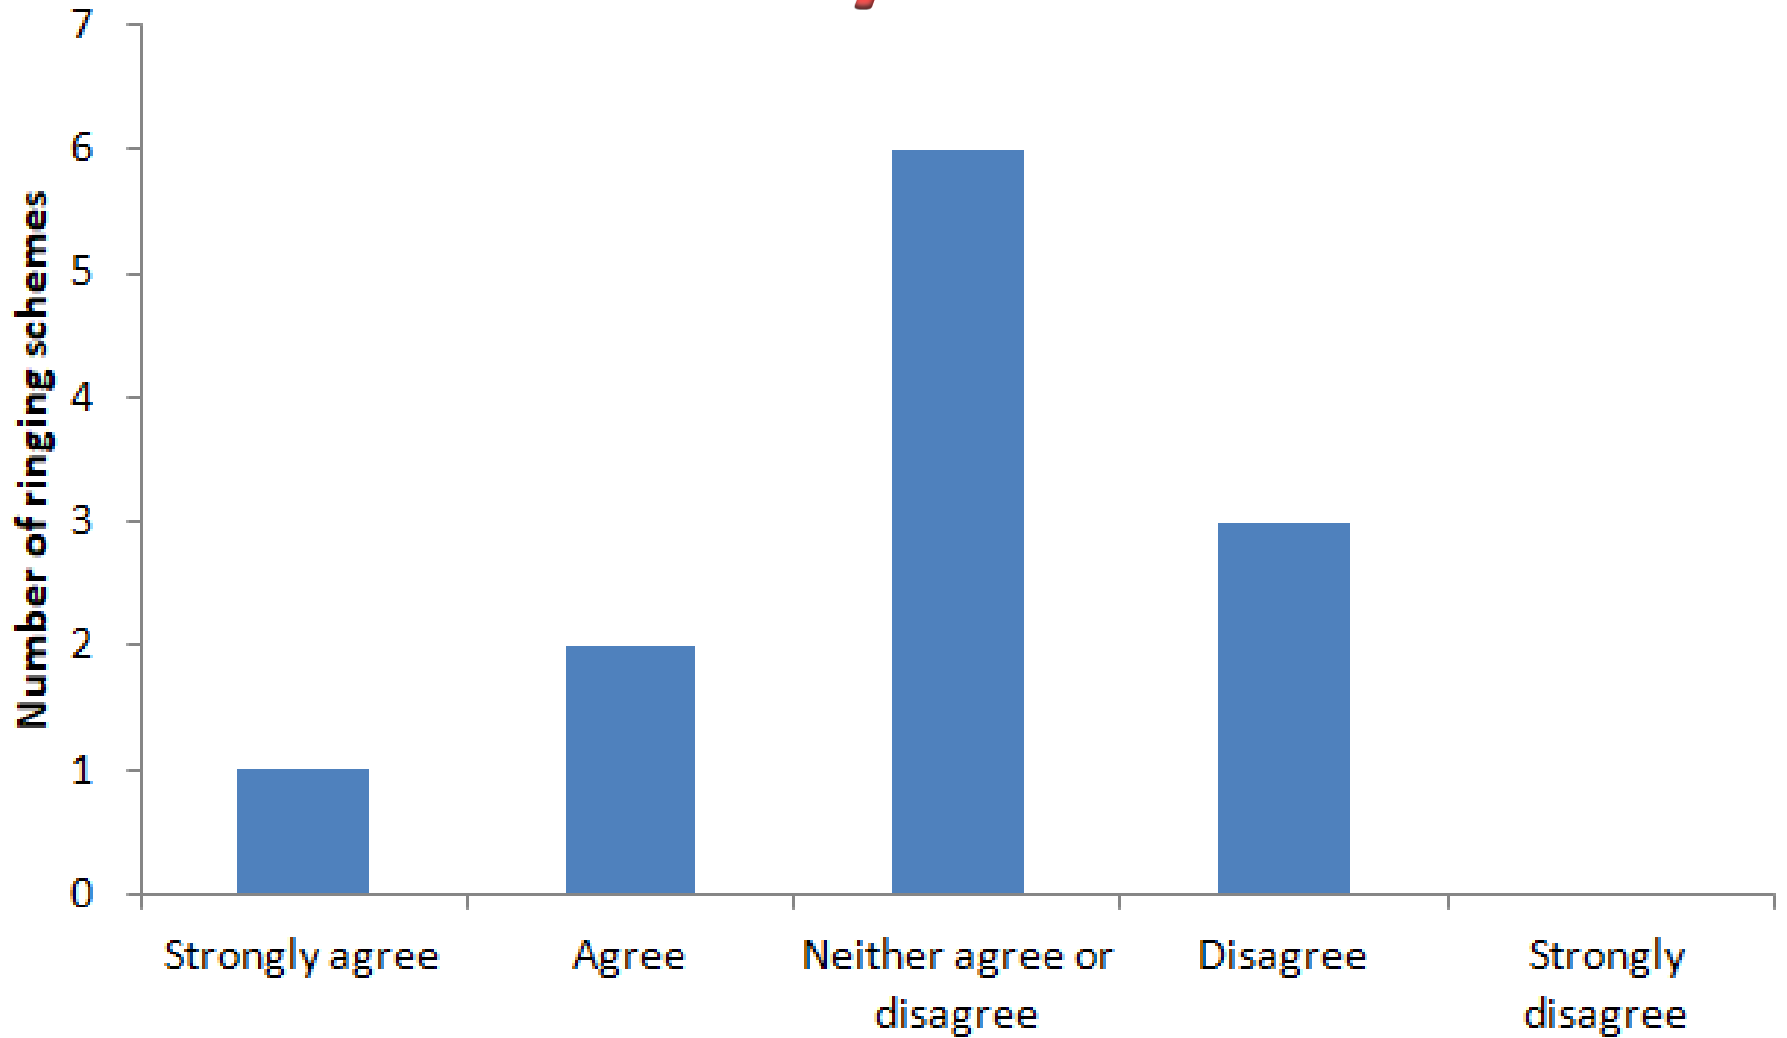

SurveyMonkey

11. Do you consider the ringing scheme able to recruit new raptor ringers easily?

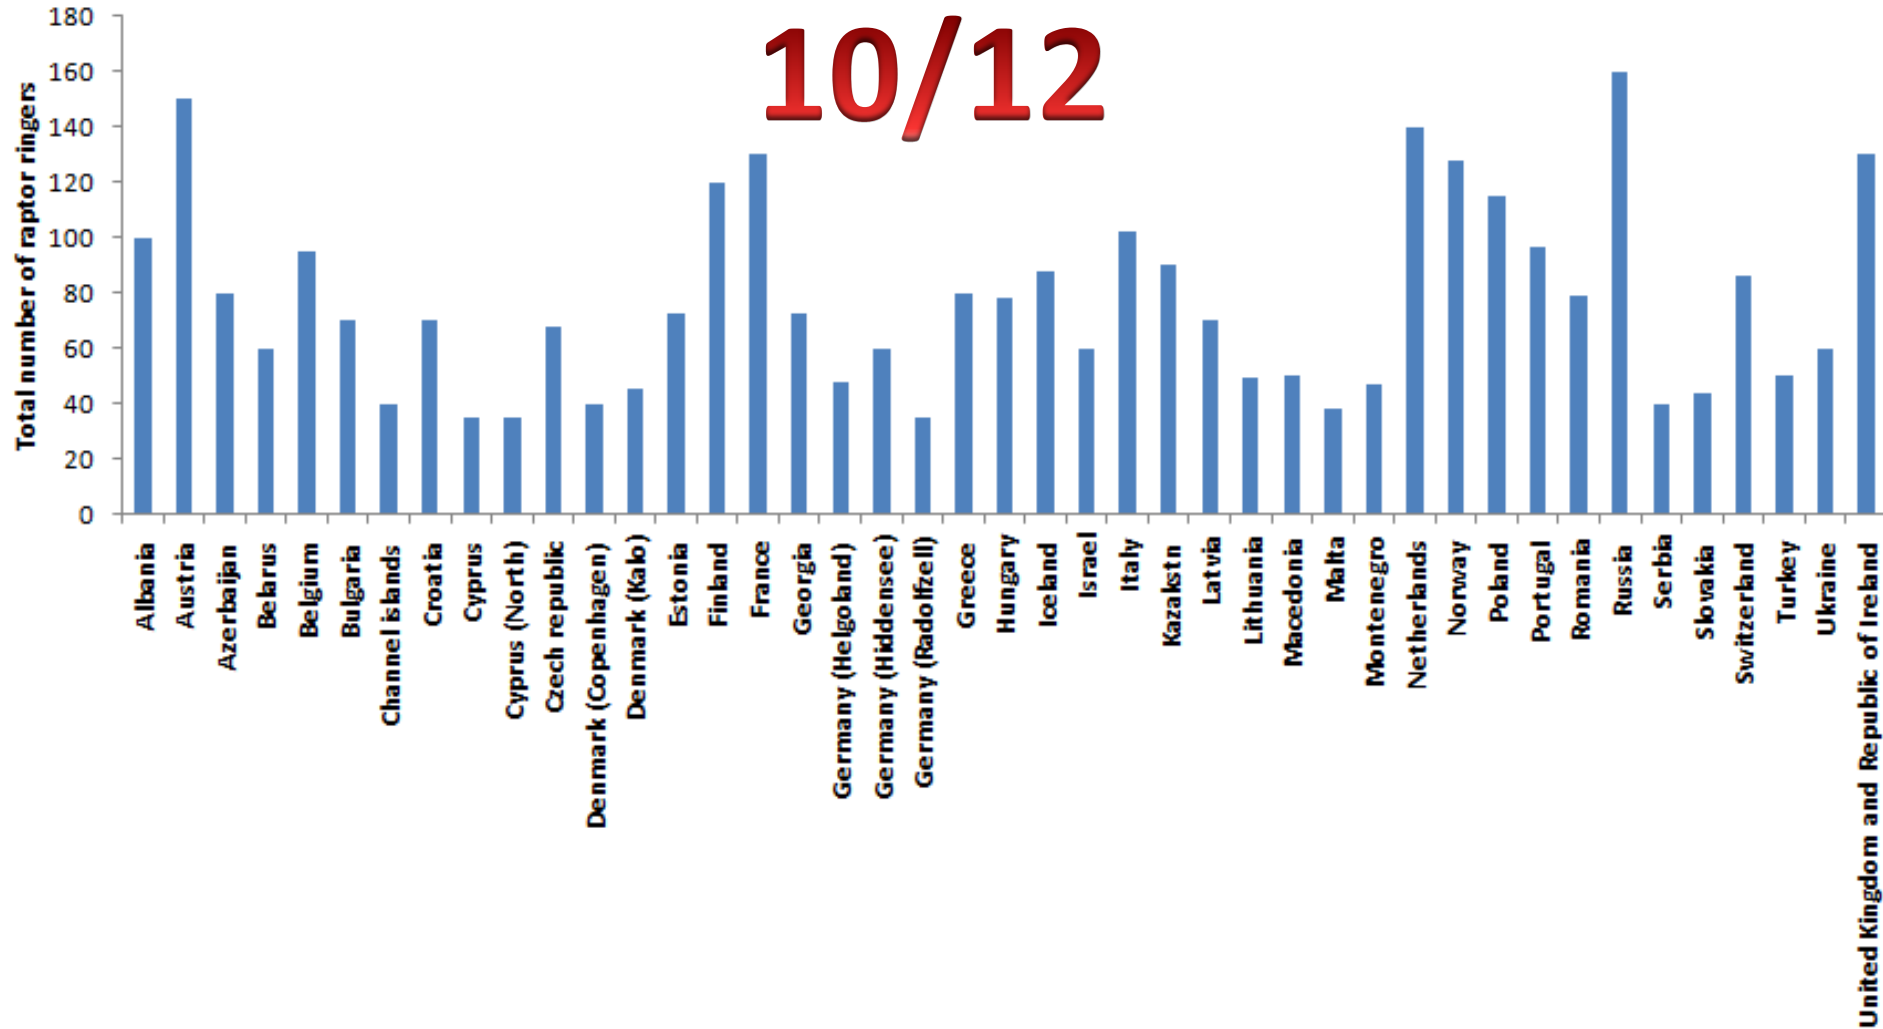

12/12

12. Number of raptor ringers, in 2018 (Additionally, if you have this information by species could you please complete the 'Number of ringers, in 2018' column in the emailed spreadsheet.)

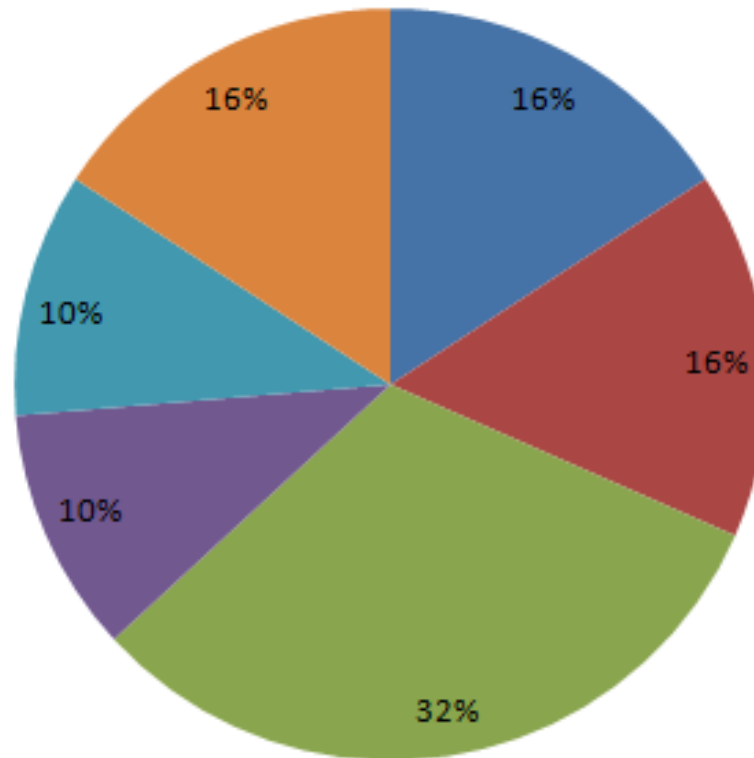

10/12

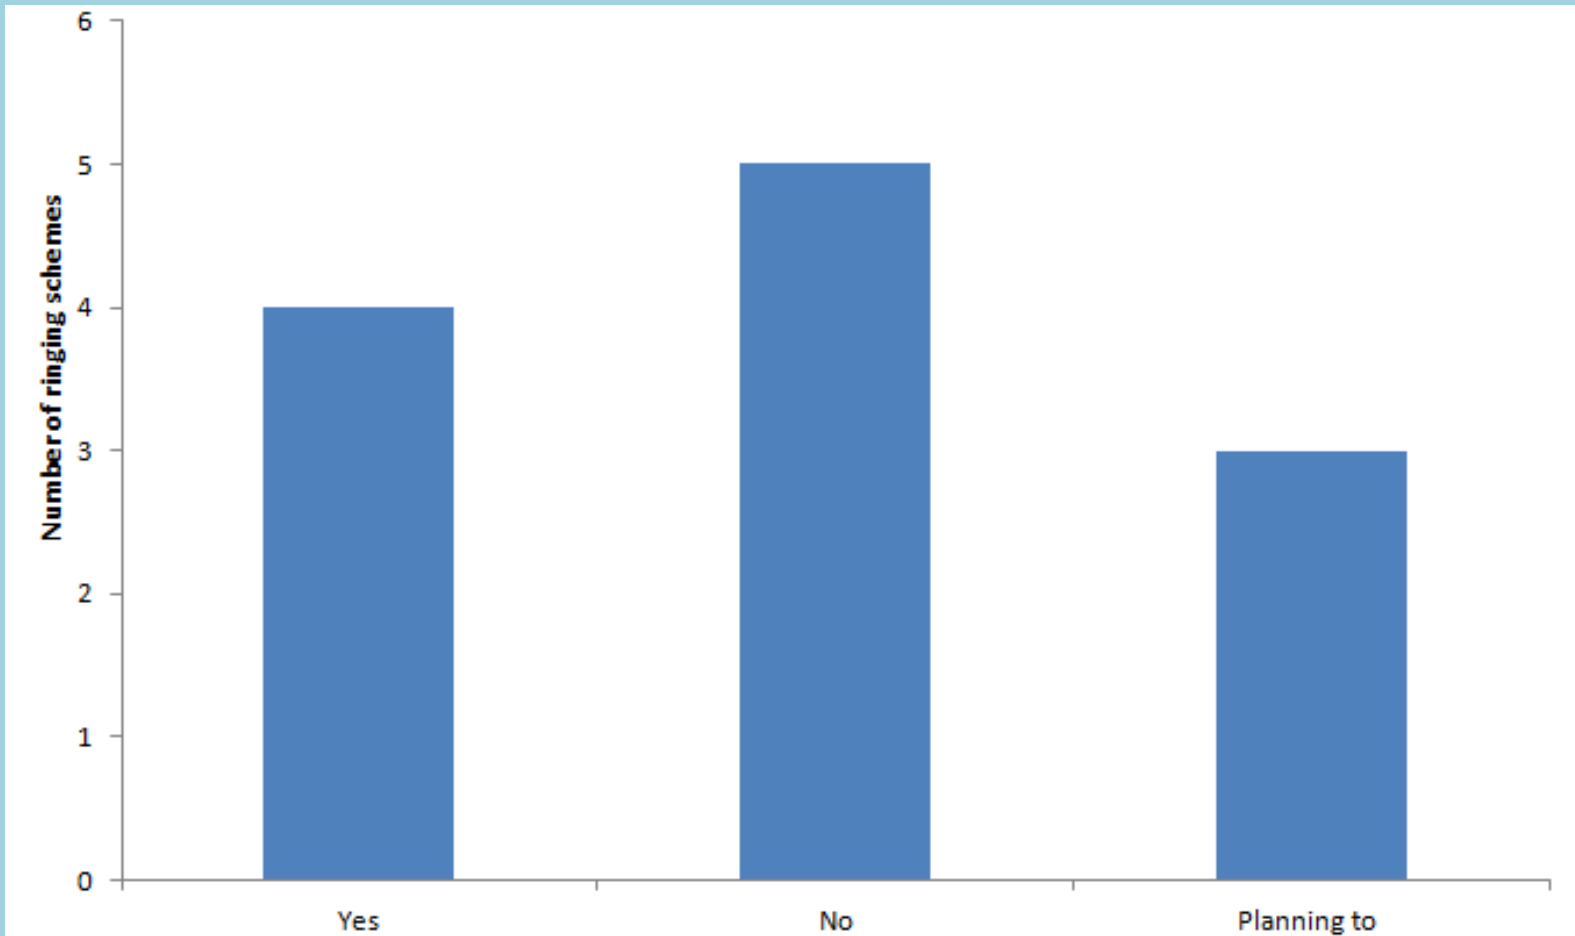

12. Number of raptor ringers, in 2018 (Additionally, if you have this information by species could you please complete the 'Number of ringers, in 2018' column in the emailed spreadsheet.)

- Buteo buteo
- Falco tinnunculus
- Falco naumanni
- Circus macrourus
- Falco vespertinus
- Athene noctua

13. Do you use a raptor ringing protocol? E.g. guidance provided by individual ringing schemes on how to catch/ring/age raptors and/or collect samples.

SurveyMonkey

14. If yes could you please attach the protocol document(S) or attach a word document with text citations or weblinks.
